Re: Small Mining Notice of Intentions, Yerian Mine, S/047/034,
Uintah County, Utah, U.S.A.

Dear Mr. Babiy:

As discussed in our phone conversation of October 12, 1993, I am sending a copy of our Small Mining Notice of Intention form for you to fill out. Please complete the enclosed form and return it to our office at your earliest convenience.

I agree that it would be beneficial to meet sometime in the spring of 1994, preferably, before you begin any operations at the Yerian site. I would suggest that a representative from the BLM be invited to this meeting. Also, it would be useful for all parties to visit the minesite in conjunction with this meeting. As mentioned in our phone conversation, two issues which will need to be resolved are (1) the encroachment of a cobble pile onto BLM lands, and (2) the site disturbance exceeding five acres. I will make a note to contact you sometime in February 1994 to arrange a date and time for the meeting.

If you have any questions regarding the form or this letter, please contact me. Thank you for your assistance in resolving this permitting issue.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
